

Community Grants Scheme Guidance Notes 2026-27

Blaby District Council (BDC) Community Grants Scheme supports the voluntary and community sector (VCS) to develop and strengthen community facilities and activities for the benefit of Blaby District residents.

What does the scheme offer?

We offer a range of grants from £500 to £5,000 that cover different types of project costs:

- Capital Green Grants - up to £5,000 (20% match funding required)
- Large Capital Grants - up to £5,000 (50% match funding required)
- Small Capital Grants - up to £500
- Revenue Grants - up to £500
- Everyone Active Grants - up to £500

Who can apply?

Our grants scheme is open to applications from a range of VCS organisations:

- Community groups, youth clubs and sports clubs
- Registered Charities
- Social Enterprises (such as Community Interest Companies)
- PTA/fundraising groups can apply for projects that are not deemed the statutory responsibility of the School/Academy/Trust
- Churches/Religious bodies can only apply for either capital grants relating to distinct community spaces/halls open to the whole community, or revenue grants that relate to community events/activities open to all, irrespective of faith
- Food banks will be considered if the organisation is affiliated with a recognised national network, such as the Trussell Trust, or has formal affiliation with an appropriate national body or a Parish Council

To be eligible, organisations must have the following in place:

- A governing document (such as a constitution or Articles of Association)
- An equality policy/statement (if not included within the governing document)
- A child safeguarding policy and/or vulnerable adults' policy (if applicable)
- A statement for each bank or savings account held by an organisation, showing the organisation's name, account details and balance, and dated within three months of the application. Bank accounts must require the signatures of at least two unrelated people.
- The organisation's most recent set of accounts showing all sources of income
- Three quotes for any single item or works costing £1,000 or more (if applicable)
- Evidence of any consents/permissions for the project to take place such as Planning Permission, Advertising Consent or Landowner Consent (if applicable). These **must** be secured before the application is submitted
- Where the project involves alterations to land or buildings, the applicant must provide evidence of ownership or a written agreement/lease with at least five years remaining (if applicable)

Copies of all applicable documents should be provided at the time of your application.

Organisations can only apply for **one grant at a time**. Organisations are generally ineligible to receive funding more than once within a 24-month period. Exceptions to this rule include applications that align with special priority criteria set by the panel:

- Capital Green Grant applications
- Warm Space initiatives or other urgent cost-of-living support projects
- Support for organisations affected by significantly high energy or fuel costs

What we do not fund:

- Projects that have already started or items that have already been purchased
- Projects with a total cost of more than £40,000 to deliver
- Applications that are contingent on another project/works for which all funding and consents are not already in place
- Projects/activities that support one specific political view or that show bias or risk damaging the Council's reputation
- Professional fees that must be paid for prior to a project starting or stand-alone (for example, feasibility studies, planning application costs, legal fees)
- Activities/ projects that are deemed the statutory responsibility of an organisation or for which other funding is made available for example, costs covered by school/academy, NHS or Parish/Town Council budgets
- Day to day maintenance or repairs
- Applications from Parish/Town Councils or Schools/Academies/Trusts
- Applications from, or projects that only benefit, an individual
- Applications from Patient Participation Groups
- Applications from Food Banks that are not affiliated with a recognised national network, such as the Trussell Trust, or an appropriate national body or a Parish Council

What we do fund

The Community Grants Scheme funds projects that benefit the local community and deliver outcomes in line with at least one of the Council's following Strategic Themes:

- Enabling our communities and supporting our vulnerable residents
- Enhancing and maintaining our natural and built environment
- Keeping you safe and healthy

Examples might include projects that:

- support our most vulnerable residents
- empower young people
- provide opportunities for people to participate in physical activity
- improve physical and/or mental health and wellbeing
- reduce isolation or loneliness
- encourage community safety and cohesion
- enhance biodiversity in the district
- reduce carbon emissions
- reduce waste and increase recycling
- enhance leisure/recreation/heritage facilities that encourage visitors to the district

Full details of the Council's strategic themes can be found in the [Blaby District Plan 2024 - 2028](#)

We have made a commitment to tackle climate change: our ambition is for Blaby District Council to be carbon neutral by 2030, and the whole district to be carbon neutral by 2050. Applications for

Capital Green Grants must contribute towards achieving at least one of the following key aims of [Blaby District Council Climate Change Strategy 2020-2030](#):

- Reducing Carbon emissions and the impact of climate change
- Protecting the environment – creating space for nature and improved biodiversity
- Travel and Transport – increasing sustainable transport use and improving air quality
- Waste and Resources – moving to a circular economy ‘Reduce, Re-use, Recycle’
- Sustainable communities – increasing energy efficiency
- Behaviour Change and Education – delivering community initiatives

All applicants are expected to demonstrate how they have considered any environmental impacts of their projects irrespective of which type of grant they are applying for.

Applications for **Everyone Active** grants must contribute towards achieving at least one of the following health and wellbeing priorities:

- Access to physical activity so people of all ages and abilities can keep fit, healthy and are encouraged to be physically active
- Improving the health and wellbeing of local communities, including mental health
- Reduction of obesity
- Increasing participation in young adults
- Being inclusive and having a diverse programme

Applications are more likely to be successful if the project demonstrates the following:

- It closely meets the Council’s strategic themes and other relevant priorities as described above
- There is evidence of a need for the project
- It will make a positive difference to residents and the wider community of Blaby district.
- The project and organisation will be sustainable and not reliant on BDC grants in the future
- The project and organisation are set up properly (good governance, sound planning)
- The project offers value for money
- The project shows consideration of, and mitigates against any environmental impacts

Type of grant	Maximum	Match Funding Requirement	What sort of projects/costs can be funded? This is not an exhaustive list.
Green Capital Grant	£5,000	20% match-funding for grants over £500 Volunteer time can be used as part of match-funding (see page 10)	<ul style="list-style-type: none"> • Energy efficiency improvements such as: insulation, double-glazing, heating upgrade, LED lighting, solar power • Installation of EV charge points or purchase of e-bikes • Improvements to open spaces to enhance biodiversity
Large Capital	£5,000	50% match-funding for grants over £500 Volunteer time can be used as part of match-funding (see page 10 of guidance notes).	<ul style="list-style-type: none"> • Purchase of higher value items of equipment, including vehicles • Large scale alteration or refurbishment to a community building or space • Replacement of integral features such as heating or lighting

Type of grant	Maximum	Match Funding Requirement	What sort of projects/costs can be funded? This is not an exhaustive list.
Small Capital	£500	None required	<ul style="list-style-type: none"> • Small items of equipment • 1st year start-up costs • Website development
Revenue	£500	None required	<ul style="list-style-type: none"> • Venue or transport hire • Marketing and promotion activities • Event or activity costs • Support with energy costs
Everyone Active	£500	None required	<ul style="list-style-type: none"> • Costs to set up a new activity or group • Sports equipment • Costs to run a specific event or club • Specialist tutor/coach fees for a group

Further clarification about capital and revenue costs can also be found in our Frequently Asked Questions (FAQs).

Special Criteria

In view of the challenges of the last few years, the following special criteria continue to be in place this year:

- We will prioritise applications from organisations that demonstrate significant impacts from high energy or fuel costs or that directly support residents most affected by the cost-of-living challenges
- We will prioritise Warm Space applications during the second and third grant rounds of the year. Organisations with an existing grant will be able to make a further application for a Revenue Grant for the purposes of running a Warm Space. Warm Space grants will have a grant period of only six months during the Winter.
- We will offer flexibility with regard to costs that can be met through our Revenue Grants to include staffing, insurance, energy bills and other running costs
- We will offer revenue grants up to £1,000 in exceptional cases, for example:
 - organisations that are disproportionately affected by high fuel costs such as community transport charities, those that run minibuses regularly to support vulnerable residents or pay volunteer fuel expenses on a regular basis
 - organisations or projects that specifically support residents who are struggling as a result of the current cost of living challenges. For example, food banks, specialist advice or support services, activities for low-income families/residents

It is entirely at the grants panel's discretion whether to award a £1,000 grant. In all cases, applications must still relate to future costs (not paid for prior to award of the grant) and organisations will be expected to provide proof of expenditure in the usual way.

Your grant will be considered for all applicable grant types if it meets the criteria. The amount of grant funding that we have available is made up in part by proceeds from the Love Blaby Lottery.

For more information visit the [Love Blaby Lottery website](#) If you do not want your project to be part or fully funded from lottery proceeds, you should make the Funding and Awards Officer aware at the time of your application.

How to apply

Grant deadlines and decisions are made on a quarterly basis. The deadlines for 2025-26 are:

Application Deadline

Friday 5 June 2026 at 5pm
Friday 25 September 2026 at 5pm
Friday 4 December 2026 at 5pm
Friday 5 March 2027 at 5pm

Grant Panel Meet

Wednesday 17 June 2026
Wednesday 7 October 2026
Wednesday 16 December 2026
Wednesday 17 March 2027

Applications will not be accepted after the deadline. Please ensure that you provide all supporting documents and information required (see page one of this guidance) with your grant application before the deadline. Large Capital and Green Capital grant applications may require a site visit. We recommend that you arrange this at least one week prior to the application deadline.

The same application form is used for all of our grants and you can submit your application in one of three ways:

Apply online: at [Blaby District Council's Community Grants webpage](#)

If you apply online and you want to save your application as you go, you will need to log in using your My Account. We strongly recommend that you log in and save your work regularly when using the online application to avoid your session timing out. It also means we will be able to retrieve your application if you experience any problems. You will need to have all supporting documents ready to upload. For more information and to register for My Account visit the [My Account webpage](#).

Apply by email: grants@blaby.gov.uk

Request an application form from the Funding and Awards Officer and submit your completed application form and supporting documents by email. Please note there is a size limit of 20MB for emails so you may need to email your supporting documents over a couple of separate emails to keep within the size limits or post these separately. Our IT systems are very secure and may block any unusual attachments. For this reason, please try to submit all supporting documents using Microsoft Office, pdf or jpeg files.

Apply by post:

Request an application form from the Funding and Awards Officer on 0116 272 7566 and send your completed application form and supporting documents to: Community, Business, Work and Skills Team, Blaby District Council, Desford Road, Narborough LE19 2EP

In all cases, the Funding and Awards Officer will acknowledge your application within a few days. If you do not receive an acknowledgement, please make contact by telephone or email to ensure your application has been received.

How your application is assessed

All eligible applications are assessed by our Community Grants Panel. The panel is made up of: the Portfolio Holder for Health, Community and Economic Development at Blaby District Council, an Elected Member from each of the other two main political parties, representatives from the Voluntary Sector, and our sponsor Everyone Active. The Group Manager at BDC for Assets and Major Projects will chair the meeting. The panel will meet on the dates listed earlier.

If a funding round is oversubscribed, assuming all other criteria are met, priority will be given to:

- Applicants meeting any special criteria in place during the grant round
- Green Capital Grant applications over Large or Small Capital Grant applications
- Organisations that have not received a community grant previously
- Projects that most closely meet the Council's strategic themes and other relevant priorities or meet more than one priority
- Projects that address a local need(s) and will make the biggest difference to residents and the wider community in Blaby district (strongest outcomes)
- Organisations that can demonstrate the future sustainability of the project but have limited recourse to other funds
- Projects that demonstrate best value for money
- Projects that show consideration of, and mitigate against, any environmental impacts

The following options are available to the grant panel when assessing applications:

- To approve (in part or full)
- To approve (in part or full) with conditions
- To defer – pending further information
- To reject – where projects are deemed not to sufficiently meet the criteria, carry risks or where the funding round is oversubscribed

You will be notified of the outcome of your application as soon as possible and within one week of the panel's decision.

What happens if your application is successful?

If your application is successful, we will send the lead contact for your application a notification letter or email. If there are any conditions attached to the grant, these will be specified in the letter. You will also be sent a grant agreement. An authorised member of your organisation will need to sign the grant agreement and return this to the Council before we will process your grant payment. All payments are made via BACS transfer direct to the organisation's bank account provided as part of your application and payments are usually made within two weeks.

Prior to the payment of any funding the group or organisation receiving funding through the Blaby District Council Community Grants scheme must agree to the following terms and conditions:

- Acknowledge the support of Blaby District Council in all promotional material about your project and provide evidence of this
- Ensure that your organisation is adequately insured to carry out its activities and that all staff/volunteers follow all relevant health and safety legislation and guidance when carrying out their duties
- Adhere to national and local guidance and legislation on equal opportunities, disability, access and safeguarding of children and vulnerable adults
- Own or have secure tenure of any land involved in your project. If you are using someone else's land or buildings, you must have written signed consent from the owner for your project
- Ensure that all statutory permissions, licenses and consents are in place, including advertising consent, planning permission and/or building regulations approval where appropriate
- In the case of a capital project, accept responsibility for the ongoing maintenance of any asset funded by the grant, including buildings, structures, equipment and grounds

- Ensure that the grant is not used in any way for any works/activities/items that have been undertaken or purchased before notification of the award
- Ensure that the grant is spent in strict accordance with the proposed works/activities/items as detailed on your application unless a change is agreed in advance and confirmed in writing with the Funding and Awards Officer of Blaby District Council
- Commence expenditure on your project within six months of the date of the grant being awarded and complete your project within 12 months of the date of the grant being awarded unless a different timescale is agreed in advance in writing with the Funding and Awards Officer at Blaby District Council
- Comply fully with Blaby District Council's monitoring process which includes periodic checks and visits by officers of Blaby District Council and the completion and return of monitoring forms, together with copies of invoices and/or receipts relating to expenditure on your project, evidence of the intended outcomes being achieved and acknowledgement of the grant
- Notify the Funding and Awards Officer immediately if there is any change that results in your organisation or group no longer or potentially no longer being eligible for the grant
- The Council will require repayment of funds which have not been spent in accordance with the criteria of the scheme and this grant agreement
- This grant may be subject to the UK's new subsidies system which replaces the EU State Aid rules. The Council offers this grant on the basis that the equivalent of the De Minimis exemption will apply. It is the organisation's responsibility to ensure that, in receiving this grant, that they have not received more than £340,000 in financial contributions or benefits from Government subsidy in the three years preceding the date of the award.

Privacy notice

Blaby District Council (BDC) is classed as a data controller which means that BDC decides what personal information we need from you. Information collected about you i.e. your contact address; telephone and/or email will enable us to maintain contact with you during the application process and for project monitoring purposes. We will only have access to personal data that you provide to us. The legal basis for the collection and processing of your personal data is that you have given consent to be included.

Where necessary, we may share this information with, and obtain information about you, from other departments within Blaby District Council or other public bodies in order to prevent or detect crime. Your information will otherwise only be shared with panel members making a decision about your grant application. Please note that we do publish details of projects or organisations who are awarded grants on our website. We will contact you for permission for any other marketing we may do.

The information you provide will be stored by Blaby District Council and is not directly accessible by other parties or the general public. We will only keep your information for as long as you consent for us to do so and up to a maximum of six years. You have a right to withdraw consent at any time and you can do this by contacting Information Governance Team at GDPR@blaby.gov.uk or by calling 0116 275 0555.

This information may be shared with third parties as described above but will not be transferred outside the UK. We don't use any computers or automated means to make decisions about you based on the information that you provide.

You have a number of legal rights in respect of your personal data which are: the right to be informed about how it is being used and why; the right of access to it to check that we are acting lawfully and, in some cases, the right to rectify it or to have it erased; the right to restrict our processing of it; the right of data portability; and the right to object to automated decision taking.

Contact us

If you have any questions about the way in which Blaby District Council handles your personal information, or want to raise a concern, you may contact:

Name: Andrew Hickling

Telephone: 0116 275 0555

Email: gdpr@blaby.gov.uk

You can also contact the Information Commissioner's Office (The ICO) to find out more about your rights as a data subject (a person that we hold personal data about) if you think there is a problem by email to casework@ico.org.uk or by telephone on 0303 123 1113. You can also visit the [Information Commissioner's Office website](#)

Notes about the application form

Please ensure that you read and answer all relevant questions on the application form carefully. These notes give further information for each section of the application form. However, if you have any questions about your eligibility or when completing the application form, please contact the Funding and Awards Officer on 0116 272 7566 or email grants@blaby.gov.uk

Section 1 – You and Your Organisation

The total project cost is the total amount required to deliver the project for which you are seeking funding, not just the amount of the grant. We do not accept applications where the total project cost is more than £40,000.

When telling us what your organisation/group does, don't assume that the grants panel will know. This should include a brief outline of what the aims of your organisation/group are, your key activities or services and who you help. Please note there is a character/word limit for this and some other questions.

All organisations/groups that have contact with children and young people under the age of 18 years must have a safeguarding policy in place and provide a copy of this with their application.

A vulnerable adult is someone who is 18 years old who is experiencing, or at risk of, abuse or neglect and, as a result of their care and support needs, is unable to protect themselves from these types of harm. Those care and support needs could include: learning, physical and/or sensory disabilities, mental ill health, frailty due to their age, dementia, brain injuries and drug or alcohol problems. All organisations that come into contact with adults who are or may be vulnerable must have a vulnerable adults or adult safeguarding policy in place and provide a copy with their application.

If your organisation/group needs help with policies, please contact the Funding and Awards Officer.

The Equality Duty (Equality Act 2010) ensures that public bodies consider the needs of all individuals in their day-to-day work and functions. Blaby District Council is committed to ensuring fairness and accessibility for all and takes the following general public duties very seriously:

- Eliminate discrimination, harassment, victimisation and other conduct that is unlawful under the Act

- Advance equality of opportunity between people who share a protected characteristic (see below) and those who do not
- Foster good relations between persons who share a protected characteristic and those who do not

The nine protected characteristics are: Age; Gender; Gender re-assignment; Disability (including physical disability, learning disability mental health and long-term illness); Ethnicity and Race; Sexual orientation; Religion and belief; Marital status and civil partnership; pregnancy and maternity. In operating a grants scheme, Blaby District Council expects any recipients of funds to have regard for these duties and promote fairness and equality.

Section 2 – Your Project

This section is really important: it is your chance to explain what your project will deliver, why it is needed and what the outcomes will be for Blaby District residents and the wider community. The better your project is thought through and planned, the stronger the application. Please take time to answer these questions fully **and keep your responses within the stated character/word limits.**

When evidencing why your project is needed, include any consultation you may have done or feedback from previous projects. Include information about local statistics or data, policies or partner organisations that support the need for your project. For example, can you show that your project will meet a gap in provision or widen participation in activities? If you are applying for a green grant, do you have a current energy efficiency report for your building that recommends what changes are needed?

Outcomes or benefits are the improvements that will come about for residents and the wider community as a result of the project for which you are requesting funding. Be specific about these, including targets if possible. Your outcomes should relate to the need for your project and the local priorities detailed on page two of these notes. For example, if you are applying for a Green Grant to install solar panels to your village hall, include estimated carbon savings.

Applicants are required to estimate and provide evidence of the number of Blaby District residents who will benefit from the proposed project. This can be demonstrated through evidence such as membership numbers, footfall figures and service beneficiary data. Do not simply give the number of residents in a parish or area. If your organisation covers a wider area than Blaby district (such as county-wide), you should also tell us what proportion of your beneficiaries are from Blaby district.

Blaby District Council is committed to tackling Climate Change and becoming carbon-neutral by 2030. We are also committed to supporting the district in becoming Net Zero by 2050. This means that we are keen to fund projects that demonstrate that they have considered the environment and taken steps to address any potential negative impacts. This is for all applicants, not just those applying for a Green Grant. For example, reducing waste and promoting recycling at your group or club or promoting sustainable journeys by members.

Blaby District Council's Net Zero Programme Delivery Officer is happy to advise applicants to the Green Grant. Please contact Nick Fear at nick.fear@blaby.gov.uk or 0116 272 7605.

Some projects will require special permissions and/or consents and applicants are expected to have these in place prior to applying for a grant and to provide evidence with your application. The list below is not exhaustive:

- If you are making any alterations to land or property that does not belong to you, you will need to provide written proof of the owner's consent (letter) and/or proof of your responsibility or authority to make such changes (such as a copy of your lease)
- For information and advice as to whether your project needs Planning Permission, Change of Use, Listed Building Consent or Advertising Consent contact Blaby District Council's Planning Team on 0116 272 7705 or visit: [Blaby District Council's Planning and Building Control webpages](#)
- For information and advice about Temporary Event Notices, Lottery Registration, Street Collection Permits and more, contact the Licensing Team at Blaby District Council on 0116 272 7782 or visit: [Blaby District Council's Licensing webpages](#)

If you are unsure if your project needs any permissions or consents, contact the Funding and Awards Officer.

Some building or refurbishment works may need Building Regulation approval, please contact Blaby District Council's Building Control Service on 0116 272 7533 or visit: [Blaby District Council's Building Control webpages](#)

Section 3 – Your finances and budget

Applicants must provide comprehensive financial information. This includes providing recent bank statements for all accounts held and a copy of your most recent set of accounts showing all income sources. You should also provide information in the application form about any other grant income sought (whether successful or not), any ring-fenced funds, sponsorship or other in-kind support and explain why you need to apply for this grant.

The grant panel will also want to see value for money in the projects that they fund. For this reason, applicants should provide three quotes for any individual items or works that cost more than £1,000. Exceptions will only be made in special circumstances or for very specialist works/items where suppliers are limited.

The grants panel will want to see that both your organisation and your project are sustainable beyond the end of the grant funding and that you will not be reliant on this type of funding year on year. For example, will your group start charging or increase membership in order to continue in future years? Organisations are expected to carry out day-to-day maintenance of any capital assets in the future so tell us how you will budget for this.

Make sure your project costs and budget add up: include all costs (expenditure), what the grant will fund and any other sources of income, including what your organisation is contributing and any other match-funding. Remember that the total project cost and grant figures in your budget should match the figures you provide on page one of the application form.

Volunteer hours can be counted for up to half of the match-funding required and no more than £2,000 (whichever figure is lower) **for large capital and green capital grants only**. This can only be used where the volunteers are carrying out work that would otherwise be paid for to complete the project, such as a volunteer that carries out painting work as part of a refurbishment project. Volunteer hours are calculated at £10.00 per hour. For example:

- For a large capital project costing £5,000 in total, an organisation could apply for a maximum £2,500 (50%) capital grant of which a maximum of £1,250 of match funding could be made up by volunteer hours (assuming 125 hours of volunteer time is reasonable for the task). Total monetary match-funding required would be £1,250

- For a green project costing £5,000 in total, an organisation could apply for a maximum £4,000 (80%) green grant of which a maximum of £500 of match funding could be made up by volunteer hours (assuming 50 hours of volunteer time is reasonable for the task). Total monetary match-funding required from the project would be £500

Volunteer hours should be shown in both the expenditure and income breakdown of your application if you are counting them towards match funding.

For further tips on completing your budget and to see a sample budget, please refer to our Frequently Asked Questions (FAQs).
